

HERBAN HUNTER™ MOTION DECOYS

...2011/12 BROCHURE...

At Herban Hunter we have developed duck decoys to give your spread realism with spinning wing motion decoys that create the illusion of ducks landing. Motion is the key to attracting waterfowl to land. When ducks are looking down at a motionless spread of duck decoys this does not look natural.

Our **HYPNOTIZER™** spinning wing duck hunting decoy is the lightest (only 1 ½ lbs.), easiest to transport, most durable, hassle free on the market. Drop it, throw it, drop it in the water you can't hurt it, guaranteed to last and **we back it with a Life Time Guarantee**. You can put 4 or 5 **HYPNOTIZER'S** into a small backpack to carry out into the marsh without weighing you down. Our **HYPNOTIZER™** motorized wings spin faster than most other spinners which create a flash that ducks can't resist. The spinning wings are what attract the ducks not the body of the decoy.

Our **PULL STRING™** spinning wing motion decoy has no batteries, no motors and is 100% manual operation making it legal in some states that have banned motorized decoys.

Our spinning wing motion decoys easily fit into a suitcase with your clothes for plane travel. You don't have to check in an extra bag.

At **HERBAN HUNTER** we are dedicated to coming up with innovative ideas for our products to enhance yours and our water fowl hunting success. Our first **HYPNOTIZER™** decoy was produced in 2003. We hunt 85 days out of a 100 day season and this decoy has withstood the test of time, still hypnotizing ducks today. **HERBAN HUNTER** decoys are American made and made to last.

HERBAN HUNTER MOTION DECOYS

THE HYPNOTIZER™

The Hypnotizer motorized spinning wing decoy comes with a 18,000 RPM motor that spins the wings at a speed so all the ducks see is a blurred flash. Experience has proven that all ducks are more attracted to fast spinning wings. The blurred flash is what hypnotizes the ducks to land. The Hypnotizer can be outfitted with an 8 amp battery that will run all day. The Hypnotizer only weighs 1 1/2 lbs. making it easy to carry 3 or 4 into the field. Virtually indestructible drop it, throw it, kick it, drop it in the water, you can't hurt it. guaranteed to last.

HERBAN HUNTER *MOTION DECOYS*

THE PULL STRING™

THE PULL STRING SPINNING WING DECOY HAS NO BATTERIES, NO MOTORS, NO WAITING FOR A WIND OR HAVING THE WIND DIE WHEN BIRDS ARE OVERHEAD.

THE PULL STRING IS HUMAN POWERED AND YOU CONTROL THE MOTION WHEN YOU NEED IT.

WORKS GREAT ON LATE SEASON SHY MALLARDS AND WHEN GEESE ARE AROUND YOU DON'T HAVE TO WORRY ABOUT SHUTTING DOWN THE SPINNER. WHEN YOU PULL THE CORD WITH AN EASY 12 INCH IN AND OUT STROKE THE WINGS SPIN ON THE DECOY SIMULATING A LANDING DUCK THAT WILL DRAW DUCKS IN FROM GREAT DISTANCES.

LEGAL IN SOME STATES THAT HAVE BANNED MOTORIZED DECOYS.
